

Athens 16/4/2021

Dear members of the University Physiotherapy community,
Dear physiotherapy's students,

On 4-6 May 2022, Athens, Greece will host the 9th International Conference of Physiotherapy in Psychiatry and Mental Health. Its theme is "**Physiotherapy in mental health? What's next?**"

The conference is organised by the International Organisation of Physical Therapy in Mental Health (IOPTMH), a World Physiotherapy subgroup, in collaboration with the scientific section "Physiotherapy in Mental Health" of the PanHellenic physiotherapist's association.

It will be conducted in a **hybrid manner** (physical presence & online monitoring) in full harmonisation with the Greek Ministerial Decisions and the applicable Health Protocols for holding conferences due COVID-19.

Dear Colleagues, dear students,
We invite all of you to contribute to the further scientific progress of physiotherapy in mental health.
Please share the 9th International Conference of Physiotherapy in Psychiatry and Mental Health and express your interest in presenting a scientific work by immediately filling the application form: <https://bit.ly/32jiBh7> (deadline **April 30, 2021**).

The language of the presentations is **English** and it is the first time the organising committee of an IOPTMH Conference has been in contacts for the **publication** of all presentations in a reputable relevant journal, contributing inexpensively to the additional enrichment of participants' CV.

Awaiting your dynamic response, we remain at your disposal for any further clarification

Yours truly, with kind regards
Stavros Stathopoulos
Chair of organising committee
